Community health centers (or FQHCs) provide comprehensive primary and preventive healthcare services to underserved communities across Texas. In 2021, health centers in your district provided medical, dental, behavioral health, pharmacy, and other services to thousands of patients. Below is a snapshot of health center impact in the district:

Health centers are economic engines in their communities, creating jobs and generating dollars in the local economy:

Personal Income Generated:	\$290,189,695
Total Economic Output:	\$612,736,043
Total Jobs Generated:	4,583

The data in this fact sheet represents all the clinics operated by health centers that have at least one clinic in your district. The data is health center specific and not district specific.
